

Veredus Tuberculosis Seminar

With the launch of our MDR TB Lab-on-Chip, VereMTB™ on 7 November 2012, we are inviting you to a mini symposium with 2 key opinion leaders in TB to present about their research and discuss about potential collaborations with your labs in Singapore. We hope that an intimate sit-down environment can ignite your interest in collaborating with Veredus and our key experts in this field.

SPEAKER:

Dr Daniela Maria Cirillo (MD PhD)

Head of Emerging Pathogens Unit

TB Supranational Reference Laboratory

San Raffaele Scientific Institute

Title of Talk: Recent Developments in TB Diagnostics

SPEAKER:

Dr Sushil Pandey (PhD, MBA)

Chief Scientist,

Mycobacterium Reference Laboratory,

Pathology Queensland

Title of Talk: Queensland Mycobacterium Reference Laboratory : An Overview

Veredus Laboratories
